

**WE
NEED
YOU!**

The LTCO has a new
Community Engagement Program.

The LTCO Community Engagement Program wants to gather information from residents and family members about their experiences living in or visiting a long-term care facility.

We want to build a community of the people most affected by the current system. We want your voices to be heard.

Please contact us today. Your information can be confidential.

Call the LTCO Community Engagement Program at 609-690-4740 or email us at Community@ltco.nj.gov
